

Greeks in New Drive Against Guerrillas

By EDGAR CLARK

Kastoria, Greece, Aug. 11 —(UP)—Greek mountain troops were driving newly supplied American bombs and artillery were reported driving 7,000 guerrillas into a trap against the Yugoslav border today in a new summer offensive.

At the same time it was reported that the Albanian regular army troops were concentrating on the Albanian-Greek frontier as a "psychological booster" for the guerrilla forces.

The Greek attack toward the Yugoslav border was being made at the same time three other Greek divisions were attacking along the Albanian border south-west of Kastoria.

The Albanian radio at Tirana charged yesterday that Greek troops had invaded Albania on a 10-mile front, but were repulsed. The broadcast said that Greek artillery dropped 1,000 shells on Albanian soil.

A Greek general staff special communiqué today announced that the Vitis offensive, which opened yesterday morning, had captured 100,000 pounds of food and other supplies. It also said that several other important peaks had fallen to crack Greek army mountain troops north of Kastoria.

Observers said the drive was aimed at cutting the vital guerrilla supply road to Albania.

The offensive struck the guerrillas in an area of 300 square miles hinging on Lake Prespa. The region is bounded on the north by Yugoslavia, on the west by Albania and to the south and east by a line running through Kastoria and Florina.

The offensive was launched in such a way that it would cut off the guerrillas from Albania and hard them against the Yugoslav border. It was expected to test Marshal Tito's sincerity in closing the Greek-Yugoslav border.

One of Greece's finest army divisions began the offensive by jumping off directly north, parallel with the Albanian frontier in an effort to cut off the guerrillas' communications with Albania.

Two other divisions dug in to contain the southern and eastern flanks of the rectangle in the Kastoria and Florina areas.

If the border drive to Lake Prespa proves successful, an estimated 7,000 guerrillas in the Vitis area will be backed up against the Yugoslav border and encircled on three sides.

Success of the offensive depends on whether Marshal Tito will keep the Yugoslav border closed or again permit hard-pressed guerrillas to flee into Yugoslavia.

Year's Food Supply

Snakes are known for their gluttony. A 70-pound python once ate a 20-pound pig in one meal. This was enough to supply the snake with energy for more than a year.

Truman Assures Philippines of U. S. Help

Washington, Aug. 11 —(AP)—President Truman reaffirmed today the desire and aim of the United States to help the Philippine republic "assume its rightful position as a free and self-reliant member of the world community."

The White House made these views public in a statement which bore the approval of Mr. Truman and President Elpidio Quirino, the Philippines president. Quirino left for New York today after a four-day visit to Washington at Mr. Truman's invitation.

The statement said the two presidents discussed "measures for the reconstruction and development of Philippine economy in terms of the recommendations of the report of the joint Philippine-American finance commission issued in 1947."

It said they are "convinced that the economic progress of the Philippines will be not only in the immediate interest of the two countries but will contribute vitally to the determination of free peoples to resist those forces which seek their enslavement so long as that menace shall threaten."

It said both presidents agreed that resistance along this line "will be most effective in areas where the material well-being of the peoples allows a full appreciation of the meaning of freedom."

Takes First Boat Ride

Pictured above is Mrs. Joe Vandiver, of Prescott, just 95-years young, who took her first boat ride on Rice Lake, near Prescott, Sunday, August 7. The boat was powered by a 50 h. p. Evinrude driven by Herbert Dodson of Hope.

program. . . . It looks as though now is the time to strike a big future operation in both wayhousing and care and handling of wintermaster operations." (Hunt) was a lieutenant colonel in the army quartermaster's office during the war.

4. Oehler asked Hunt to get him brought to Washington on "official" business. He wrote Hunt that "you can get a directive through our friends."

5. Another time, after outlining confidential plans for an army-navy program for pulling back surpluses, Oehler wrote Hunt, "as the time for getting into this is ripe, I thought it would be a good idea to line up contractors you have represented. . . . I believe some excellent contracts can be gotten on this work."

Oehler also wrote Hunt that "my friend Rufus Matthews, civilian chief of civilian employment" in the quartermaster corps, "leaked" information to him but, "fortunately, was never suspected."

Meanwhile, the committee disclosed it had linked Vaughan's name to an incident which led to the suspension by the army of Gen. Alden H. Waitt, chief of the chemical corps. Hunt's files, subpoenaed by the committee, contained a memorandum from Waitt to Vaughan which was delivered to the White House aide by Hunt.

Washington.

Their plans for the week-end were reported in Washington yesterday and confirmed here by friends of Mrs. Hadley.

The Paducah airport will be rededicated and renamed for the city's favorite son.

It will be the third meeting in three weeks for Barkley and Mrs. Hadley, a pretty brunette widow whose husband, a railroad attorney, died four years ago.

Both have denied that they plan to be married this week-end at Paducah.

Hoover Urges Nation to Quit Spending

Palo Alto, Calif., Aug. 11 —(P)—The nation today had the sober warning of its only living former president that its spending policies, if unchecked, will rob posterity of its inheritance.

Former President Herbert Hoover, in a significant address, asserted last night that the United States "is blissfully driving down the back road to collectivism at top speed."

"We have not had a great socialization of property," he said, "but we are on the last mile to collectivism through governmental collection and spending of the savings of the people."

The country's president from 1929 to 1933 spoke before an estimated 10,000 persons on the Stanford university campus.

The occasion was his 75th birthday celebration, sponsored by the university in tribute to its most famous son, a graduate of its first class in 1895.

President Truman's message of congratulations and good wishes was among the thousands which came from all over the world.

In his talk, broadcast by the four major networks, he said:

"My word to you, my fellow citizens, on this seventy-fifth birthday is this: The founding fathers dedicated the structure of our government 'to secure the blessings of liberty to ourselves and our posterity'. We of this generation inherited this precious blessing. Yet as spendthrifts we are on our way to rob posterity of its inheritance."

"The American people have solved many great crises in national life. The qualities of self-restraint, integrity, of conscience and courage still live in our people. It is not too late to summon these qualities."

Assailing new federal and state proposals for spending taxes, he said:

"Along this road of spending, the government either takes over, which is socialism, or dictates institutional and economic life, which is fascism."

He said "the American mind is troubled by the growth of collectivism throughout the world."

The "few hundred thousand communists and their fellow travelers in this country" he termed a "nuisance" who require attention but who cannot destroy the republic.

Strong Winds Halt Flaming Forest Fire

McCall, Ida., Aug. 11 — (UP)—Strong south winds stopped the devastating Payette national forest fire today but foresters feared the 35-mile-an-hour breeze would shift sending the blaze out of control again.

Rangers said that if the wind changed direction, flames would dash through tinder-dry tree tops

at unbelievable speed, threatening the lives of more than 1,000 men battling the fire.

Fires in the northwest already have taken the lives of 14 men, including 13 trapped by flames near Helena, Mont., and one in the Payette conflagration.

The Montana fire, which burned out 6,000 acres of forest, was reported well under control. Fire fighting crews were being reduced.

"disastous" in their section. Republicans were joyous over new provisions which they said would "clarify" the administration of the wage-hour act. But they added that too many exemptions had been granted to southern legislators.

As Rep. Franklin D. Roosevelt, Jr., (D-NY), said the house was "on the horns of a dilemma."

The dilemma arose late yesterday when the house tentatively approved a bill sponsored by Rep. Wingate H. Lucas, (D-Tex). The measure would raise the minimum wage from 40 to 75 cents an hour but write into the wage-hour act provisions which the administration claims would exempt at least 1,000,000 workers now covered.

The bill was backed by a coalition of Republicans and Southern Democrats as a substitute for the administration's wage-hour measure, which also would increase the minimum wage to 75 cents but would bring about 600,000 new workers under the act.

President Truman campaigned last fall on a platform which called for a 75-cent minimum wage and extended coverage of the wage-hour act.

Farmer Tells About Wreck, Burning of Bus

Bloomington, Ind., Aug. 10.—(AP)—Everett Miles, a Monroe county farmer living only 100 yards from the scene of the bus crash early today gave this account of the wreck.

"The impact awakened my wife and I, and by the time we got to the window the bus was burning and there was also something burning on the bridge. My first idea was that two cars had met on the bridge."

"People were screaming—I never heard such a sound and I never want to again."

"I saw someone trying to get out of the front of the bus. At the time I thought that was the back of the bus."

"I couldn't get within 100 feet of the fire. It blocked the highway and the bus could be approached only through a field."

"One of the bodies at the front end was that of an unusually large man. People who got out said some others were unable to get past him."

Joseph Master, a farmer who lives 200 yards from the scene of the crash, was awakened by the noise.

By the time he could get to the window, the bus was in flames.

"There was no time at all until it was over," he said. "After I saw it there was just one more explosion."

But there are exceptions to this rule. Sometimes the mere fact that a woman is a man's wife, that she is his possession, gives her a value in his eyes that makes him cherish her. Sometimes a man never really has any unselfish affection for any human being until he falls in love with some woman.

Sometimes a man who has been

all devoted to his mother, and prayer was led by Mrs. Elidge Stephens. The roll call was answered with "What I plan to exhibit at the Fair."

Minutes were read and old and new business was discussed. An ice cream party was planned for the fourth Thursday in August, at the home of Mrs. Will Zumwalt.

Mrs. Elidge Bradford gave a demonstration on the use of sewing machine attachments and their advantages.

Ice cream and cake were served to those present.

Fourteen members and two visitors were present. One new member, Mrs. A. W. Owens was added to the roll.

Mt. Pleasant
The Mt. Pleasant home demonstration club met July 25 at the church, with the vice-president Mrs. Alvin Linville, in charge. Five members responded to the roll call. The minutes were read by the secretary Mrs. M. D. Byers. The garden and poultry leaders gave reports.

A picnic supper for members and their families and guests was planned for the next meeting, August 22, at 7 p.m.

Recreation was in charge of Mrs. Byers.

Mrs. Clarence Scott was enrolled as a new member of the club.

DOROTHY DIX Uncontrolled Temper

Dear Miss Dix: Can you judge a man's disposition by the way he acts in his own home and by his attitude to his mother and immediate family? I am in love with a man 32 years old. He is quite temperamental and given to outbursts of anger at home, but he tries to please me. Can a wife's influence change her husband to any degree?

TROUBLED
Answer: You are wise to consider carefully the temperament of a man before you marry him, because the one most important factor in a wife's happiness or misery is her husband's disposition. It is such which steels the success or failure of her marriage.

You are right in thinking that the most important thing that any girl can find out about the man she contemplates marrying is what sort of disposition he has and how he reacts to domesticity, and there is no better laboratory in which to study him than in his own home.

As a general thing, it is a pretty safe bet that a man will treat his wife as he does his mother. There will be habit in this and it will also be the result of his father's attitude toward his mother and the way his mother has taught him to regard her. If his mother has made herself a doormat for him to walk on, he will wipe his feet on his wife.

But there are exceptions to this rule. Sometimes the mere fact that a woman is a man's wife, that she is his possession, gives her a value in his eyes that makes him cherish her. Sometimes a man never really has any unselfish affection for any human being until he falls in love with some woman.

Sometimes a man who has been

Nine Indicted for Crooked Policy Game

New York, Aug. 10.—(UP)—William Densoh Doble, a disfigured former official of the Cincinnati Clearing House association, was indicted today with eight others for operating a crooked \$50,000-000 policy game.

The indictments listed 15 counts cannot change his direction.

DOROTHY DIX
Dear Miss Dix: My problem is this: I have kept company with a man for seven years and although he calls me once a week, he never proposes or even mentions marriage. I am very much in love with him and would be very grateful if you would tell me how to make him pop the question.

HOPEFUL
Answer: You certainly must be one of the world's greatest optimists if you can still remain hopeful about a man who has not reached the proposing point in seven years. Believe me, daughter, a woman has got to work sooner than that, or she never gets it.

Nobody can tell you how to make that kind of man pop the question because he is not in love with you and has no intention whatever of marrying you, and his coming to see you every week is no indication that his attentions have any intention. He probably likes your mother's cooking, and he finds you an interesting and agreeable companion, and your house is a pleasant place in which to spend an evening. But that is all. Nothing further.

Better wait such a man out to the air and center your interest on some man who is better husband material.

Unemployment Benefits Sought By Strikers

Little Rock, Aug. 9.—(AP)—Unemployment benefits for about 200 employees of the strike-bound Reynolds Metals company, plants are sought by the United Steel Workers union, which is on strike.

Luke Arnett, attorney for the Arkansas employment security division, said striking employees are not eligible for unemployment insurance, but that the cases would be investigated.

Charles E. Smith, union district subdirector, said the 200 employees for whom benefits are sought were dismissed before the strike began and are not participating in strike activities.

Meanwhile, the union still awaited some word from the company president, R. S. Reynolds, Jr., on its conditional offer to end the nine-day old walkout at Reynolds Arkansas plant.

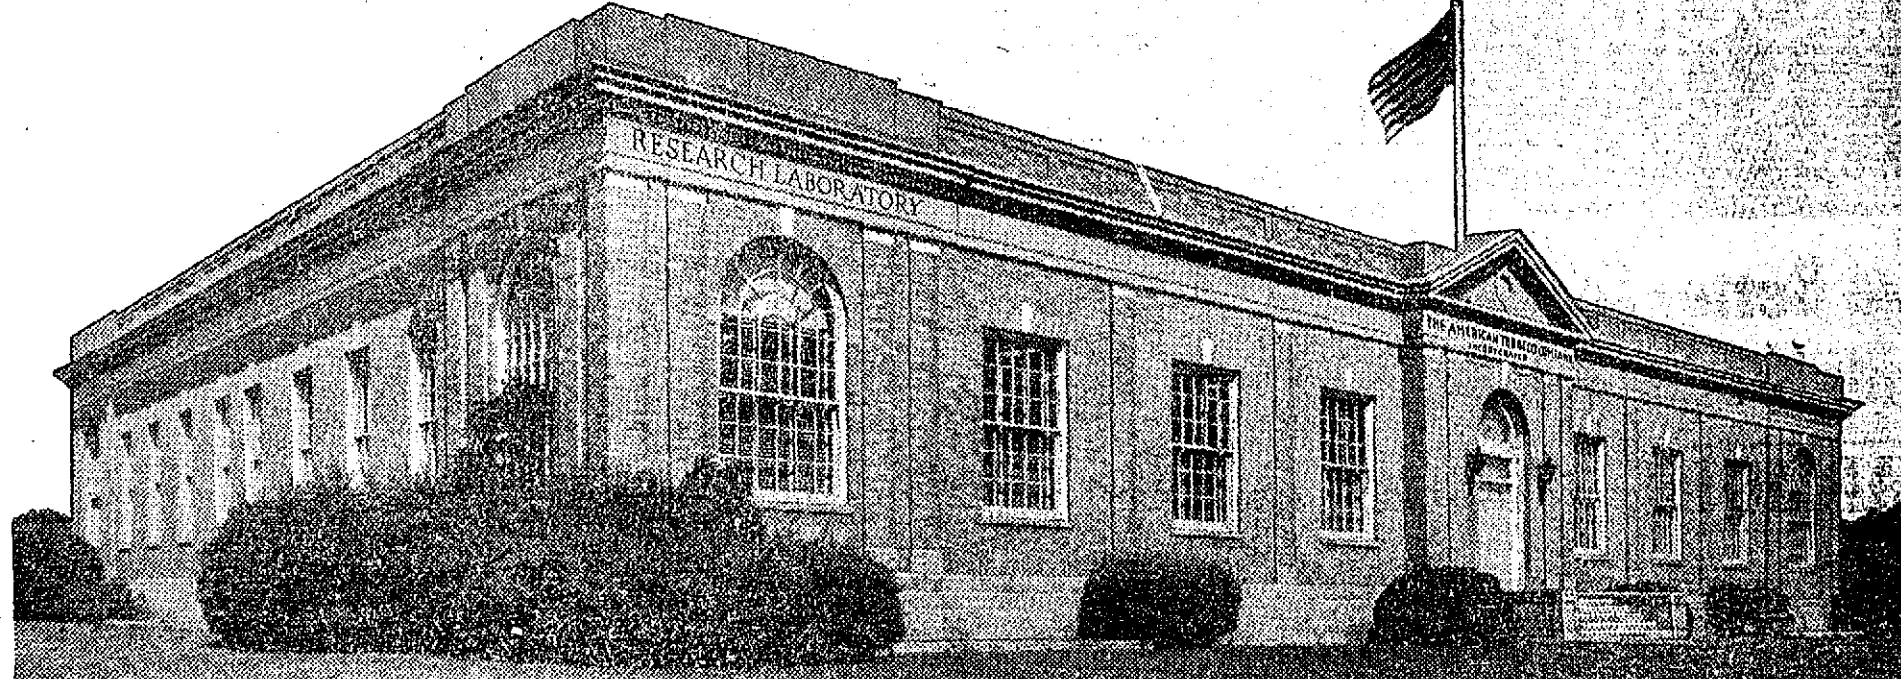

Spanking Threat Brings Death of Young Girl

Fort Smith, Aug. 10.—(AP)—The threatened spanking of a younger sister ended fatally for ten-year-old Patricia Thomas.

The Oklahoma girl died in a hospital here last night with a 22-caliber bullet in her brain. She was shot about noon at the home of her parents, Mr. and Mrs. Charles Thomas, about four miles west of Fort Smith.

Sheriff E. W. Floyd of Sequoyah county, Okla., said he was told a younger sister took a rifle from a shelf, and when Patricia ordered her to put it back, the girl gave her a spanking. The gun discharged.

The bullet struck the girl in the forehead and physicians at the hospital here said it lodged in the back of her brain.

Here's another big reason why THERE IS NO FINER CIGARETTE IN THE WORLD TODAY THAN LUCKY STRIKE

America's finest cigarette laboratory assures you that—
1. Lucky Strike always means fine tobacco!
2. Lucky Strike is always a finer cigarette!

YOU SEE HERE the largest and most complete laboratory of its kind operated by any cigarette manufacturer in America.

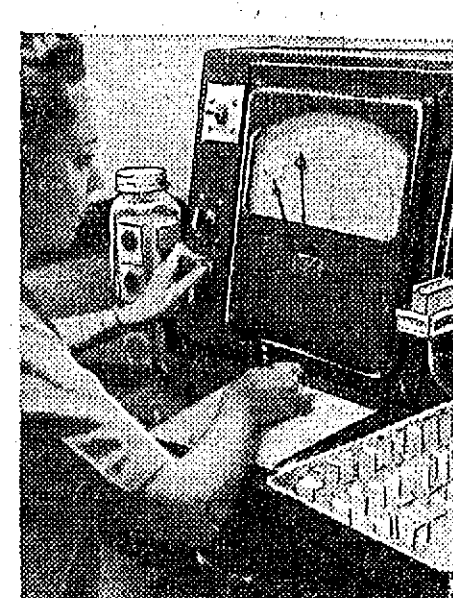

For many years Lucky Strike scientists have delved into cigarette research on an extensive scale. Out of this has grown an elaborate system of quality control. Every step in the making of Luckies—from before the tobacco is bought until the finished cigarette reaches you—comes under the laboratory's watchful eye.

As you read this, a constant stream of tobacco... samples from every tobacco-growing area... is flowing into the laboratory in Richmond, Virginia. These samples are scientifically analyzed, and reports of their quality go to the men who buy at auction for the makers of Lucky Strike.

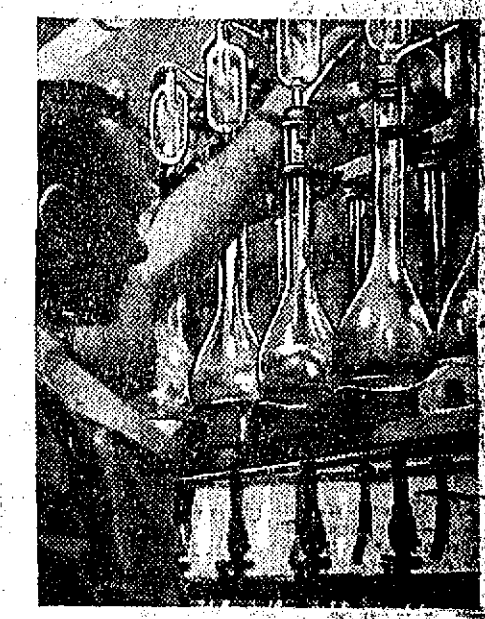

Armed with this confidential, scientific information—and their own sound judgment—these men go after finer tobacco. This fine tobacco—together with scientifically controlled manufacturing methods—is your assurance that there is no finer cigarette in the world today than Lucky Strike!

Everything's under control! Lucky Strike scientists supervise intricate tests daily to guarantee that the weight, size, density and firmness of your Lucky Strike are always right. Such details are rigidly controlled to guarantee you a truly finer cigarette.

Luckies stay fresh. After Lucky Strike cigarettes have been made and then packaged, they must be tightly sealed to remain fresh. Here you see the cellophane seal being tested for air-tightness. Such instruments are in use at every plant.

Testing tobacco. Samples from every tobacco-growing area are analyzed before and after purchase. These extensive scientific analyses, along with the expert judgment of Lucky Strike buyers, assure you that the tobacco in Luckies is fine.

We know:
LUCKIES PAY MORE
for fine tobacco
(millions of dollars more than official parity prices)
We are convinced:
LUCKIES PAY MORE
for cigarette research

So, for your own real deep-down smoking enjoyment
Smoke a Lucky!
Luckies' fine tobacco and constant research give you a finer cigarette.

All Solons Claim a Housing Bill

By JAMES MARLOW

Washington, Aug. 11 — (AP) — Congressman Minniver Mistletoe goes home and tells the folks: "Why, sure, Congress passed a housing bill for the low-income people. Now I think congress ought to do it for you moderate income folks."

"In fact, I introduced a bill in congress to do just that. I'll show you Mistletoe's copy of the very bill with my name on it."

"Sure enough. There it is. Just as he said. But maybe he forgot to tell them how he came to get his name on the bill in the first place. For instance: Last May, a congressman introduced a housing bill for moderate-income families. A couple of months later along came another congressman who, for some reason, wanted his own name on the bill. So, without changing a word in the bill itself, he scratched out the name of the first congressman and wrote in his own name in ink. Then the bill was sent down to the government printer where new copies of the same bill were made except that now the second congressman's name was on it. He may go home later and tell the folks about the bill, and himself. Or, maybe he had another reason for doing what he did."

"There's a lot of that done. In the house there's a rule that only one member's name can appear on a bill."

Just to show how much support that particular bill has, a whole gang of other congressmen may have the same bill reprinted with their name on it.

All this costs the taxpayers money, of course, since it's the government printer who does the printing, and the cost of printing a bill depends upon the number of pages.

For instance, the idea of a world federation has a lot of support in the house.

About 103 bills — all identical but bearing in each case the name of a different congressman — were introduced to back up world federation.

In the senate there's no rule like that of the house. There any number of senators all can have the names lumped together on one bill.

"And a congressman's name on a bill doesn't mean he had anything to do with writing it. The job may have been done for him by the bill-writing experts employed by congress, after he told them what he wanted."

Or, maybe it was written by the lawyers in some government agency. Or even by the lawyers of some outside organization which got a congressman to introduce a bill for it as his own.

Some congressmen don't always remember — or even recognize — a bill they introduced. For example: Rep. Wolverson, New Jersey Republican, is a member of the house interstate commerce committee. Sitting with other committee members this week, he was discussing a railway safety bill.

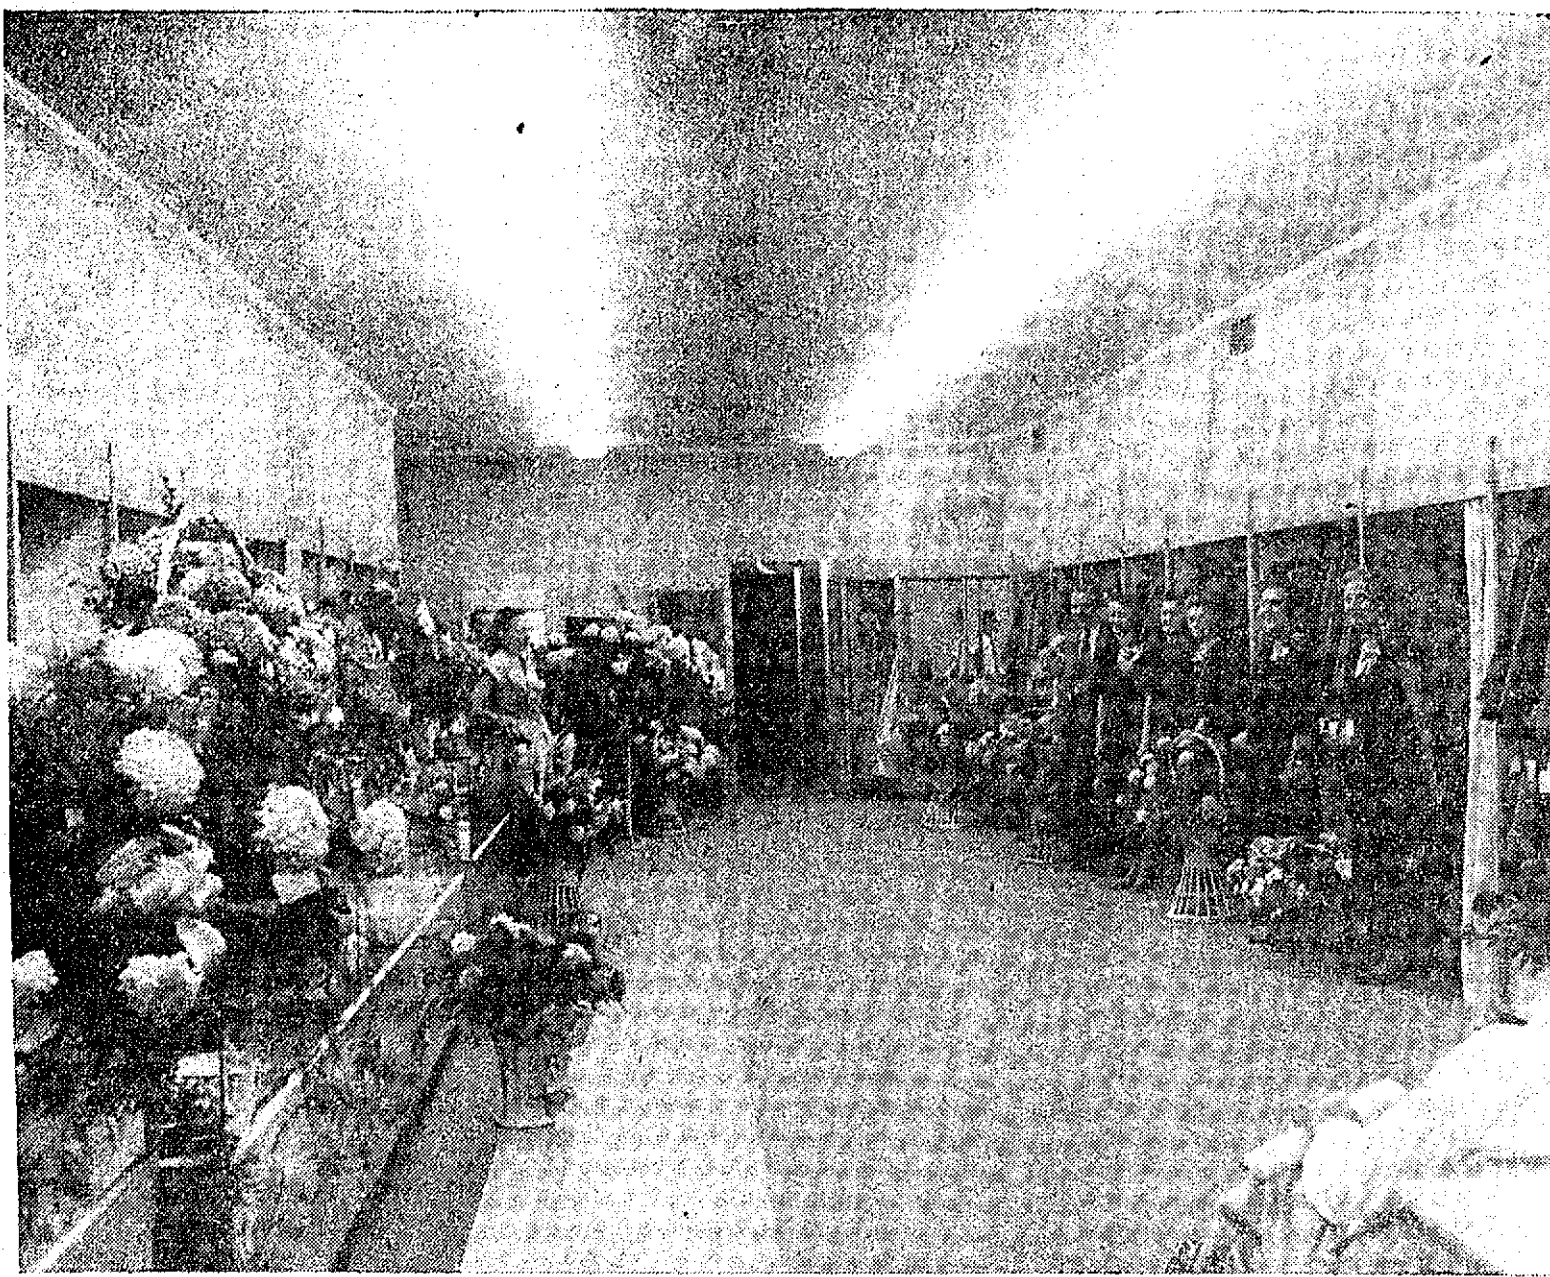

It had been introduced this year in congress by the committee chairman, Rep. Cresser, Ohio Democrat. There were some things about the bill which Wolverson disliked.

He protested that the committee never had been told who wrote it. Just then William J. Patterson, a member of the interstate commerce commission, spoke up.

He said he and a member of his staff had written the bill a year ago and that a year ago it was introduced in congress by Wolverson. This year it was reintroduced by Cresser.

Wolverson remembered then and

Interior View of the New Ladies Specialty Shop

Would Talk With MacArthur Before Acting

group of 10 senators today "urgently requested" Secretary of Defense Johnson to recall General Douglas MacArthur from Japan.

Nine Republicans and one Democrat — said in a letter to Johnson that the pending \$1,450,000,000 foreign arms bill deals with "a problem which is global in character."

Noting that the chiefs of staff have visited European countries but are not likely to have time to go to the Far Pacific, the senators said they want the views of MacArthur and Vice Adm Oscar C. Badger, naval commander in that area, before voting on the arms measure.

Senator Knowland (R-Calif) and 12 other senators have proposed that \$175,000,000 of the bill's funds be earmarked for military aid to non-communist China.

Those who signed the letter urging MacArthur's return included Knowland, Byrd and Republican Senators Bridges of New Hampshire, Smith of New Jersey, Hickel of Iowa, Morse of Oregon, Wiley of Wisconsin, Saltonstall of Massachusetts, Baldwin of Connecticut and Gurney of South Dakota.

He had introduced it as courtesy for the ICC although, when doing that, congressman may not like everything in the bill.

Pictured above is an interior view of Ladies Specialty Shop whose reopening here yesterday attracted hundreds of visitors. The beautiful new shop gives Hope one of the most modern ready-to-wear stores in this section.

Store personnel pictured, standing from left to right, Manager and owner Mike Kelly, Miss Jack Porter, Mrs. Kate Olsen, former owner and founder of the store, Mrs. S. C. Honea, Mrs. Olga Anderson and Mrs. Mike Kelly. Two other members of the store's personnel, Mrs. Robert Mitchell and Miss Irene Scott, are not pictured.

Negro Parents Bring Suit in Georgia School

Valdosta, Ga., Aug. 9 — (AP) — A small group of Negro parents today brought suit in federal court demanding equal educational facilities for their children in Georgia.

The suit, invoking the 14th amendment to the U. S. constitution, was entered against the Irwin county board of education and school superintendent.

The suit was patterned after that successfully fought through in the federal courts by Negro parents in King George county, Va.

Little Rock, Aug. 9 — (AP) — The deadline for payment of state franchise taxes by corporations was extended to Aug. 15 today by Governor McMath.

The deadline would have been tomorrow. McMath said he extended the deadline at the request of Revenue Commissioner Dean Morley and State Treasurer J. Vance Clayton.

Extend Deadline

Lonely Hearts Prosecutors in Surprise Move

New York, Aug. 9 — (AP) — The prosecution in the "lonely hearts" murder trial had two psychiatrists and a woman surprise witness on tap today in a final attack on fat Martha Beck's insanity defense.

The psychiatrists were called to challenge Mrs. Beck's claim that she did not know what she was doing when Mrs. Janet Fay, 68-year-old Albany, N. Y. widow was bludgeoned and strangled last Jan. 4 in Valley Stream, N. Y.

The defense completed its case yesterday for Mrs. Beck, 29, and her lover and co-defendant, Raymond Fernandez, 34. The defense claims Fernandez had no part in the slaying, which allegedly grew out of a scheme to fleece lonely women.

Leukemia Victim to Be Buried at Magazine

Magazine, Aug. 10 — (AP) — A leukemia victim for whom the state's peacetime soldiers gave their blood in vain, will be buried here today.

He is ten-year-old Roger O. Yancey, son of Mr. and Mrs. J. O. Yancey, who was stricken April 1. Recently members of Logan county Arkansas National Guard units donated blood for several transfusions for the child in an unsuccessful effort to check the disease.

Electrical Pickets Quit at Fort Smith

Fort Smith, Aug. 10 — (AP) — Electrical workers union pickets have withdrawn from a Fort Smith school repair job in compliance with a court order.

Circuit Judge J. Sam Wood, sitting as chancellor, yesterday issued a temporary injunction against picketing by the Fort Smith Electrical Workers union local (AFL) at the Lincoln high school where a \$35,000 repair and remodeling project is underway.

Statistics Edge Favors Red Sox

By JOE REICHLER Associated Press Sports Writer

By all the laws of baseball statistics, the Boston Red Sox, not the New York Yankees, should be leading the American league today.

The Red Sox own the circuit's top batter in Ted Williams. They possess the league's "winningest" pitcher in Mel Parnell. In Williams and Vern Stephens, they have the one-two leaders in the home runs and runs bled in.

In addition, they lead in team batting and slugging, and rank third compared to the Yankees' seventh in team fielding.

Yet the Red Sox find themselves in third place six and a half games behind the front-running Yankees, who also won a five and a half game bulge over the runner-up Cleveland Indians.

There is only one answer for this strange, and for Boston and state of affairs. The Red Sox don't have Joe Page and the Yankees do. It's as simple as that.

Take yesterday's important game between the Yankees and Red Sox in Boston.

A three-run rally in the top of the seventh, highlighted by Hank Bauer's two-run single, had given the Yankees a 3-1 edge over Joe Dobson. Stephens clipped Yankee starter Ed Lopat for his 28th homer in the last half of the ninth to make 3-2. After Lopat survived a shaky seventh inning, Manager Casey Stengel excused his lefty for the day and summoned his trouble-shooter — Page.

Joe retired the dangerous Sox with only one harmless infield single in the eighth and ninth to preserve the Yankee victory. It marked his 36th relief appearance and the 20th game he's saved. Page's record is 10-4, but he's saved seven others for another Yankee starter, Alie Reynolds, and two for Tommy Byrne, Page has been in only 11 losing Yankee games.

The Indians lost ground when they were edged out 3-4, by the lowly St. Louis Browns in a night affair. Dick Kokos, former Indian chaff, homered in the ninth off Bob Lemon to snap a 4-4 tie.

Washington's Snappers and Chicago's White Sox pulled a couple of upsets. The Nats shaded the Philadelphia Athletics 6-7, and the Chisox topped the Detroit Tigers, 6-3, in 10 innings.

Sherry Robertson's grand slam homer in the fourth, and six Washington double plays won for the Nats. Hits by Charlie Kross, Eddie Malone and Herb Adams, plus a wild pitch by Dizzy Trout, gave the White Sox three 10th inning runs and a win for Mickey Haener.

The Brooklyn Dodgers and St. Louis Cardinals remained deadlocked for the first place in the National league for the fourth straight day. The Brooks needed a ninth inning home run by Jackie Robinson with one on to beat Philadelphia's Phils, 7-5.

Cards, behind the six-hit pitching of lefty Al Brazle, took an easy 8-0 decision from Cincinnati.

Southpaw Warren Spahn turned in his 14th victory as he pitched the Boston Braves to a 4-1 triumph over the New York Giants and Doyle Lade pitched the Chicago Cubs to a 2-0 victory over the Pittsburgh Pirates.

Commerce Chief on Last Leg of Inspection

Memphis, Aug. 10 — (AP) — Secretary of Commerce Charles Sawyer pulls today on the last leg of his flying check to 17 cities to observe economic conditions.

Sawyer planned to confer with labor leaders and businessmen here for a spot check of mid-south economy. Later in the day he was to meet with Gov. Gordon Browning.

The secretary plans to leave here for Birmingham Thursday morning.

KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisons Waste.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of energy, putting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or sometimes severe urination, burning or stinging when you urinate, are something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a standard diuretic, used successfully by millions for over 60 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out the poisons waste from your blood. Get Doan's Pills.

New Council Might Find Solution

Strasbourg, France, Aug. 10 — (AP) — Former French Premier Edouard Herriot said today the new council of Europe might be able to find a basic solution to the problem of the continent's trade deficit with the United States.

He implied that he thought the organization might have more luck in this respect than the American financed European recovery program (ERP).

Herriot expressed the opening session of the council's consultative assembly, he was named temporary president of the body pending the election on a permanent president.

Just over 100 delegates from a dozen countries attended the session of the assembly — a body which has some of the aspects of a unified European parliament.

Herriot long an advocate of European unity, said only some new political organization, like the council of Europe, could get at the roots of Europe's political, social

and economic problems. "Europe's trade deficit with the United States and said: "Experiments made recently to harmonize the economies of different countries have hardly been encouraging. The real reason is that the problem has been dealt with within the framework of existing institutions. To relieve so many difficulties, there must be a political body, a political demonstration, and political action."

Herriot said a division of minds exists on the question of admitting Germans to the council. He indicated western Germany should work her way into the organization with proofs that she no longer harbors aggressive intentions. He told the assembly would deal with "problems of life and death" for Europe.

"A closer association of Europe presents itself as a matter of urgency," he said. Many political leaders of western Europe hope that the discussions here will mark a long advance toward the goal of full unity of that portion of Europe outside the Soviet orbit. He gave figures showing Eu-

Beer Retailers Warned to Oust Gambling

Little Rock, Aug. 10 — (AP) — Arkansas Revenue Commissioner Dean Morley has renewed a warning to retail beer dealers against permitting operation of gambling devices in their places.

He said yesterday the license of any dealer convicted of operating gambling devices, including punch boards and pinball machines, will be revoked.

The commissioner added that he will revoke permits without court action. Attorney General Ike Murry said pinball machines become gambling devices if cash is paid for "free" games won, but emphasized that the "pay off" must be established by evidence.

and economic problems. "Europe's trade deficit with the United States and said: "Experiments made recently to harmonize the economies of different countries have hardly been encouraging. Woman's Federation Holds Meeting

The Woman's Federation of the First Presbyterian church met on Monday afternoon at 3 o'clock in the McRae memorial room with 17 members present for the regular monthly meeting.

The meeting was opened with a song and responsive reading. Mrs. S. C. Logan, president, presided.

The minutes of the last meeting were read by three secretaries, Mrs. Henry Moore. Reports from the Diamond Jubilee committees were heard and final plans were completed for the celebration that will be held Sunday, August 14.

The Bible study from the Gospel of St. John was given by Mrs. T. E. Logan. Discussions were given by Mrs. T. C. McRae, Jr. Mrs. Vernon Fore, Mrs. Joe R. Hamilton, and Mrs. W. G. Bensberg.

The meeting was dismissed with prayer by Mrs. S. O. Logan.

The 75th anniversary sermon at the U. S. and U. S. A. Presbyterian homecoming August 14 will be preached by Rev. H. D. Nolan, pastor of the First Presbyterian church, U. S. of North Little Rock.

Rev. Mr. Nolan was pastor of the church here for several years. The two Prescott Presbyterian organizations merged in 1909. They agreed that ministers should be related.

The boards of the two organizations meet in joint sessions and take action.

Mrs. Cruse Entertainers '37 Contract Club

Mrs. Tom Cruse was hostess to the '37 Contract club at the home of her mother, Mrs. Lee Montgomery, on Tuesday afternoon. The rooms arranged for four tables of players were colorful with arrangements of roses and zinnias.

Mrs. Powell Morgan was awarded the high score favor. The hostess served a delicious dessert course to club members: Mrs. Paul Buchanan, Mrs. George Christopher, Mrs. Frank Gilbert, Mrs. Hansel Herring, Mrs. Jess Hays, Jr., Mrs. Jack Harrell, Mrs. Archie Johnson, Mrs. D. McRae, Jr., Mrs. Powell Morgan, Mrs. A. V. Regnier and Mrs. Mark Justiss.

Club guests included: Mrs. Vernon Buchanan, Mrs. Jack Robey, Mrs. Hilman Worthington, Mrs. P. D. Whitaker, Mrs. Charlie Scott, and Mrs. Ernest Cox.

Mr. and Mrs. A. M. Rettig have as their guests this week Mr. and Mrs. Alton Palmy and sons Mike

and Billy of Windsor Ontario, Canada.

Mr. and Mrs. Edward Bryson and children Ed and Maribeth have returned from a vacation in Denver, Colorado Springs, New Mexico, and points in Texas.

Dr. and Mrs. J. B. Hesterly and Mr. C. A. Smith attended funeral services for Mr. Smith's sister Mrs. Meda Green in Atlanta, Tex. Sunday.

T. H. Prichard of Kilgore, Tex. was a recent guest of his mother Mrs. Harry Moore and Mr. Moore.

Mrs. J. E. Segues of Texarkana attended the funeral services for Mrs. S. S. Langley at the First Christian church Monday.

Warren Porter of El Dorado spent the weekend in Prescott.

Miss Lois Nolan spent the weekend in Blains with her mother Mrs. H. H. Nolan.

Miss Carolyn Hays was the week-end guest of her sister Mrs. Robert Maxwell and family in Texarkana.

Jim Sloan of Jonesboro was the guest for the weekend of Mr. and Mrs. J. W. Teeter. Mrs. Sloan and their son John Teeter who spent the week with her parents accompanied him home.

Miss Florence Trevillion of Benton visited relatives over the weekend.

Mrs. Vuel Chamberlain and daughter Mrs. Richard Johnson of Grand Prairie, Texas were the guests of relatives in Pine Bluff for the weekend.

Mrs. Minnie Griffith who has been the guests of friends and relatives for the past two months has returned to her home in Vancouver.

Staff Sgt. Raymond E. Bloxom of Camp Chaffee spent the weekend with Mrs. Bloxom who is visiting in the home of her parents Mr. and Mrs. S. C. Griffin.

Col. John C. Munn has returned to Cherry Point, N. C. where he is stationed after a visit with mother Mrs. Cora H. Munn and friends.

Miss Sally Plyer is visiting relatives in Dallas.

Miss Mary Jane Coleman had as her guest for the weekend George Parkis, who attends the Univ. of Ark. in Fayetteville.

Mr. and Mrs. Charlie Thomas were the Sunday guests of Dr. J. E. Gentry in Hope.

Jim Hamilton, Univ. of Ark. student in Fayetteville visited his mother Mrs. Werner Hamilton and sister Miss Mary Jo Hamilton over the weekend.

Miss Tanna Murry has recently returned from Little Rock where she was the guest of Miss Josephine Runyon.

Mrs. W. C. Lassiter who has been visiting her mother Mrs. C. C. Hamby has returned to her home in Memphis.

Mr. and Mrs. John M. Pittman have returned from a few days stay in Hot Springs.

Mr. and Mrs. Lee Kinney, Warren and Terry Kinney have returned from a vacation in Hot Springs.

Friends of L. D. Jacks of Camden, former owner of the Hotel Lawson, will regret to learn that he has been stricken with polio.

New Tremors Spread Panic in Ecuador

Quito, Ecuador, Aug. 10 — (AP) — New earth tremors and pillaging by unruly Indians spread fear and panic today among the thousands of survivors left homeless by Ecuador's destructive earthquake.

Officials' government estimates of the death toll in Friday's quake rose to 6,000. But the truth is no one knows for sure how many perished in the great piles of rubble that litter some 50 demolished towns in the populous Andes mountain region south of Quito.

Fresh tremors yesterday (tumbled weakened walls in Ambato and other cities, adding to the terror of some 150,000 homeless.

Groups of workers attempting to dig their way through the blocked highway to Pelileo, 100 miles south of Quito, were reported buried under a landslide loosed by the new tremors.

Shoot-to-kill orders were issued to troops guarding Pelileo against looting by the wild tribes of Salasaca Indians. Defense Minister Manuel Diaz Granados said one band of Salasacas had been driven off when caught ransacking the ruins.

The Salasacas have been the fiercest warriors in the Andes region for 400 years. Driven out of Bolivia by the Incas centuries ago, they have harassed Ecuadorian settlements ever since.

Continuing slides and sulphurous fumes oozing from jagged crevices have terrorized the countryfolk who escaped the worst effects of the quake.

This correspondent flew over the area yesterday to Ambato with some of the U. S. air force transports helping out in the "little airlift" which is dropping food and medical supplies to isolated towns.

Pelileo, a town of 3,500 population, resembles a garbage dump surrounded by bright green grass and trees. Not a house escaped damage. Block after block is a jumble of adobe walls and bamboo poles.

Clouds of dust still hung over many areas which have had no rain.

The word perfume (par fume) means "through smoke," comes from primitive times when the only perfume the cave men knew was released by burning certain woods and gums.

Consumer Income Higher Is Report

Washington, Aug. 10 — (AP) — Income of consumers ran 2.6 per cent higher in the first half of this year than in the same period of 1948, when the boom was in full swing.

Retail buying power thus was fattened by the flow of income to people—as distinguished from corporations—at an annual rate of \$113,400,000,000 in the first six months of this year, commerce department figures showed. That was a record high.

The stream of cash was on the increase at mid-year. Personal incomes rose in total from April through June after having bumped down from last December's peak annual rate of \$217,000,000,000 to \$212,400,000,000 in March. By June, the rate was back to \$23,500,000.

The main cause of an increase in the annual note of personal income was farm receipts due to disposal of a larger volume of crops—either on the market or in loans from the government.

Possible of greater significance was the first increase in factory payrolls since last September.

Another commerce department report showed that the book value of business inventories had been cut back about \$1,000,000,000 in June—chiefly by manufacturers and retailers—to an estimated total of \$51,579,000,000.

Some firming of business senti-

ment was reported, meanwhile, by President Truman's chief economic adviser, Dr. Edwin G. Nourse. Yesterday he cited the recent strong showing of the stock market as evidence of improved business feeling.

In still another report, the commerce department said that publicly reported cash dividends paid by corporations were 13 per cent higher in June than in the same month last year. It put the June figure at \$625,000,000, and said about 60-65 per cent of all cash dividends paid are publicly reported.

Rejection of Tom Clark Is Asked

Washington, Aug. 10 — (UP) — Two former New Deal administration officials, both now affiliated with left wing organizations, today asked the senate to reject the nomination of Attorney General Tom C. Clark to the Supreme court.

They were O. John Rogge, who was fired by Clark in 1947, and Fowler V. Harper, once solicitor for the interior department when Harold L. Ickes was secretary.

Rogge said the 49-year-old Texan lacks "stature, integrity, and ability" and has "little or no understanding of the basic freedoms . . . of the constitution."

Rogge appeared as an opposition witness at a senate judiciary committee hearing. He said he spoke both for himself and as a representative of the Progressive party.

Rogge was a special assistant to Clark when he was fired for divulging contents of a report Clark wanted to suppress.

"Too often," Rogge said, "the (Clark) says one thing publicly and does another privately."

Harper, now a law professor at Yale, prepared a statement for presentation in behalf of the leftish National Lawyers guild.

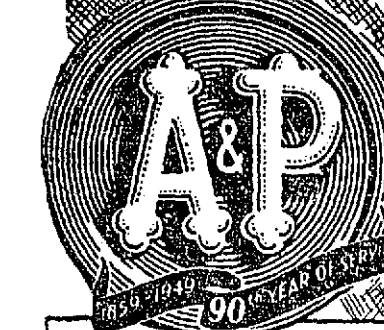

Harper said, in the statement, that the American people demand that their Supreme court justices be men of "scholarship and integrity, that their character and integrity be without blemish, that they be men of impartial, balanced judgment, free from prejudice and with proven respect for the law and our constitutional principles."

"Either you give me the Queen Best pattern teaspoons I got by ordering Gold Medal Flour, or I quit!"

Swell effort! For a limited time only you can get from General Mills, beautiful Queen Best pattern teaspoons in Oneida Community Tudor Plate. Send no money! Just mail postcard that comes in each 25 and 50 pound sack of Gold Medal "Kitchen-tested" Enriched Flour. (2 teaspoons for postcard from 50 pound sack—1 teaspoon for postcard from 25 pound sack). Hurry! Get Gold Medal Flour and send for your Queen Best pattern teaspoons today!

"Kitchen-tested" is a registered trademark of General Mills.

Customers' Corner

Have you ever noticed the date stamped on each carton of A&P eggs? It is put there to protect the quality and freshness of this perishable item.

An egg that is Grade A when it is inspected and packed could become Grade B or C by the time you buy it if it has been improperly or slowly handled.

We don't want that ever to happen to an A&P egg. That is why we put the date when the eggs are graded on each carton. Eggs not sold within a few days of that date are removed from sale even though they are still of good quality.

If you should ever find that any of our egg cartons bear old dates or that any eggs fail to live up to our high quality standards, please tell us about it. Please write:

Customer Relations Department, A&P Food Stores, 420 Lexington Avenue, New York 17, N. Y.

Scores of Smart Housewives Say: "I Can Trust A&P."

"I do all my shopping for food at our A&P Super Market. I do it because I can trust them. I trust their prices throughout the store and know I wouldn't save by shopping around the town. I don't mean that someone doesn't have a 'special' on something some time at a lower price than A&P. I mean that when I do all my shopping there, week in and week out, I'll save money and have the best that money can buy.

Drugs From Toads
The Chinese discovered the me-
dicinal value of toad skins ages ago.
For centuries, they have prepared
drugs from their skin. Its gland se-
cretions are very unpleasant to
the taste; the toad uses them to
discourage animals which seek to
devour him.

Fair Enough

By Westbrook Pegler
Copyright, 1947
By King Features Syndicate.

New York, Aug. 10.—Any dis-
cussion of the political activity of
David Dubinsky and his garment
workers' union necessarily in-
volves Italy, the state of Israel,
the United Jewish Appeal and China
because they are Dubinsky's per-
sonal and political patronage at
the expense of the workers in the
shops. This union enjoys a public
license as bargaining agent in deal-
ings with employers. It has be-
come so arrogant, however, that
the workers now actually need a
defender to protect their rights
against the depredations of Dubin-
sky and the union. Most of them
earn small pay, but they often find
themselves called upon to give up
a day's pay or half a day's pay for
projects which Dubinsky adopts to
further his own political ambitions.
He would have no right to put
through a tax of a day's pay to
buy a pig or a suit of clothes for
a friend in Ireland.

A friend of recent Irish
foreswearers would criticize such a
project for the same reason that I
condemn the prostitution of this
union's power and resources to the
service of the state of Israel. Du-
binsky's statements that the "workers"
are "patriotic" and "loyal" every-
where without discriminating be-
tween "workers" and "non-workers"
do not help others elsewhere spon-
taneously, but must be coerced
and persuaded by pressure and
slogans. Contrary to political
slogans, wrought by fakery, they
do exercise discrimination when it
is possible to do so. The "Irish"
of the United States take pride in
the fact that they carried the fi-
nal burden of the fight for
Irish freedom for years without
help from any other identified
group. Non-Irish were not com-
pelled by fictitious "majority"
votes to help in the cause.

There seems to be great need in
Spain of the same kind of finan-
cial help that Dubinsky has di-
rected to Ireland and Italy. Spain
more legitimate call for American
generosity than Italy has assum-
ing that Italy has a claim, which
is not the case. Italy was an ag-
gressor against the United States
by Italian-Americans were killed
by Germany and Italy against the
United States and many Americans
were killed by Italians. Spain re-
fused to join Germany and Italy
against the United States and
against the American lives by
denying the Germans access to
Africa. Yet any proposal that the
garment workers should help Spain
today would be put down with vi-
olent abuse. The reason would be
that the Chinese discovered the me-
dicinal value of toad skins ages ago.
For centuries, they have prepared
drugs from their skin. Its gland se-
cretions are very unpleasant to
the taste; the toad uses them to
discourage animals which seek to
devour him.

Charles Licks Lesnevich as Expected

New York, Aug. 11.—(AP)—Ez-
ard Charles has sold himself to
New York as the best of a poor
lot of heavyweights.

The lean Cincinnati Negro still
lacks New York State recognition
as world heavyweight champion
but he rules the 47 states under
the N. B. A. Most of the 16,630
sweating fans who saw him make
Gus Lesnevich surrender at the
end of seven rounds last night at
Yankee stadium, seemed willing to
accept him. The next move is up
to Eddie Egan, chairman of the
state athletic commission.

It is hard to criticize Charles for
his performance in stopping Les-
nevich. Certainly, he was hit and
hurt when durable Gus shot his
bolt in his only flurry of the fight
in the sixth round. But Charles
fought back gamely under fire. At
the end of the next round, Gus
manager, Joe Vella, asked Ref-
eree Ruby Goldstein to stop it.
The International Boxing club,
promoting its first New York fight
since 1917, cut Mike Jacobs, who
must have dropped a bundle on
show which grossed only \$75,832
plus \$17,500 for radio rights.

Lesnevich took such a slashing
of the eyes that it may well
have been his last fight.

Charles met Lesnevich's first
round rush with a sustained at-
tack that made Gus' knees buckle.
It was the same story in the next
three rounds until the fifth when
Gus battered the 34-year-old for-
mer light heavyweight king rushed
from his corner at the start of the
sixth and shook up the champ with
a stiff right to the head. Charles
seemed to wilt under pressure and
slowed down but he had Gus miss-
ing badly at the toll.

Most everybody, including the
judges, had Charles out front 6-1
in rounds at the end.

Charles weighed 180, Lesnevich
182.

SPORTS ROUNDUP

By Hugh S. Fullerton, Jr.
By BILL BECKER
(For Hugh Fullerton Jr.)
Los Angeles, Aug. 11.—(AP)—
Hey, Mr. Wrigley:

A lot of loyal Chicago Cubs fans
out this way are doing a lot of
head scratching these days.
They're having trouble trying to
figure out why the Cubs, last
place in the National League, con-
tinue to peddle the best players
from Los Angeles, last place in
the Pacific coast league.

While both Cubs and Angels war-
low deeper in the cellar, the parent
club has brought up only one play-
er. Second Baseman Wayne Ter-
williger, who was playing his first
year of AAA ball.

Meanwhile, the Cub front office,
apparently with the sanction of
Owner K. Wrigley, has sold
two hard-hitting veterans, Catch-
er Eddie Malone and Third Sacker
Johnny Ostrowski, to the cross-
country White Sox, and disposed of
minor league clubs.

Obviously it's a youth move-
ment of sorts; although you'd have
a tough time selling Angel fans at
that one. They had to look at fat
Pat Seery making four errors in
left field one night before he de-
parted for Kansas City and points
east.

Oh, yes, Mr. Wrigley, your
Angels who usually lead the
league in attendance are a feeble
lot at the turnstiles this year.
And, as one fan put it recently:
"I'm expecting the Cubs to sell
Clarence Madden (best remain-
ing hitter) any day now. When
that happens I'm not even going
to watch the Angels on television."

Could be that Mr. Wrigley and
other PCL owners are playing
new game of sweetness and light.
It's been a long time since so
many coast leagues have been
sold upstairs in midseason.

Sacramento sent Al Benton to
Cleveland, Seattle sent Sammy White
to Boston Red Sox (Louisville),
Pittsburgh and Oakland, Lloyd
Metcalfe to Washington and George
Metcalfe to the White Sox.
Where do you think that leaves
PCL Prexy Pants Rowland and
his plea for major league status?

Early grid dopesters rate South-
ern California and Stanford
likeliest to succeed in California's
cock conference crown. Most ex-
perts think the Bears can't repeat
without Jackie Jensen.

UCLA, with an all-new south-
ern coaching staff headed by Red
Sanders, is expected to finish in
the southern half of the standings
again. But the Bruins probably
will have some of that rebel spirit
The Wags now are waiting for
the Bruin rooting section to break
out with: "Come on, UCLA, you
can do it!"

Managers
Come Through
as Hurlers
By The Associated Press
Managers took pitching into
their own hands to keep the hot
battle for the Cotton States League
pompant from changing Wednes-
day night.

Jim Bivin, until recently a non-
playing pilot, took over mound
chores for the first-place Green-
wood Dodgers when they dropped
a run behind Helena's Seaporters
in the seventh inning. He blanked
the Seaporters the remainder of
the way, while the Dodgers used
four singles to score twice in the
ninth and win, 5 to 4.

Manager Jimmy McClure kept
El Dorado only a game and a half
behind the Dodgers by making the
Hot Springs Bathers the victims of
his 15th victory, 4 to 3. His left-

Ex-Razorback Gridders Sign Pro Contract

Phoenix, Ariz., Aug. 22.—(AP)—
Harold Cox, former University of
Arkansas athlete, has signed a pro-
fessional baseball contract with
the New York Yankees.

A pitcher, he has been playing
with a semi-pro team this year.
He will report to the Yankee
farm training camp at Boyes
Springs, Calif., next spring.

In addition to pitching for the
Razorback baseball team, Cox
was an outstanding punter in foot-
ball while at Arkansas. He gradu-
ated a year ago.

Wilkins to Throw Split T at the Pros

Chicago, Aug. 11.—(AP)—The
tricky split-T formation, which is
another way of saying Bud Wil-
kinson, will be the principal weapon
of the college All-stars when
they take on the Philadelphia
Eagles tomorrow night.

Wilkinson, head coach of the All-
stars, used the split-T in piloting
his University of Oklahoma team
to a Big Seven conference football
championship and a Sugar Bowl
victory over North Carolina last
season.

He has made it known that the
formation can befuddle other
college teams it ought to be worth
a good try against the National
football league champions.

The 18th annual collegiate pro
game, for the righteous cause of
charity, is expected to attract 90-
000 customers to mammoth Sol-
dier field on Chicago's lake front.
The pros have an edge of eight
victories to five since the series
was started in 1934. Two games
ended in ties.

Barnhill Says Grid Tickets Going Good

Fayetteville, Aug. 11.—(AP)—The
pre-season football ticket sale at
the University of Arkansas is "en-
couraging," Athletic Director and
Head Coach John Barnhill said to-
day.

Barnhill said tickets are going
fastest for the Texas game at Lit-
tle Rock and the Southern Meth-
odist university tilt at Dallas.

The Razorbacks will open the
1949 season against North Texas
State in Little Rock Sept. 24.

Homers Feature Legion Victory Over Nashville

The Hope Legionaires went on a hitting spree last night in a game that featured a home run by a lopsided 13 to 5 score.

Fireworks started in the opening inning. Aubrey Castlebury slapped out a single his first time up and Gough fanned the next batter, George Castlebury. Then Rufus Tollett who poled one over the left field wall to put the Cubs in front 2-0.

In Hope's half of the first inning Gary Anderson drew a base on balls, Dolwin Ross fanned. Roy Taylor slapped out a double and Bob White lifted one over the right field wall to put Hope ahead 3-0. Nashville tied the count in the third.

In Hope's bottom of the third Jack Bell hit the longest home run of the season over the right center field wall scoring two ahead of him and from then on it was a slaughter.

Bob White's homer was his 7th of the season. It was the first out of Bell. In all Hope rapped out 18 hits and committed only 3 errors. Nashville was limited to 3 errors. Bob White finally ended by hurling the last three innings, giving up only one hit.

Friday night the Legionaires play a powerful team from Springfield, La. which has lost only 3 of 16 contests this season. The game is expected to draw the largest crowds of the season.

Louisiana Man Named University Assistant Coach

Fayetteville, Aug. 11.—(AP)—Ap-
pointment of Ralph Ward, Man-
ny, La., high school coach, as fresh-
man and assistant varsity basket-
ball monitor at the University of
Arkansas was announced today.

Ward played basketball at North-
east Louisiana State college and
was in Germany with the army
during world war two. He will
do graduate work at Arkansas
while employed as a coach.

Needs at Boys Industrial Farm Aired

Little Rock, Aug. 9 — (AP) — The Arkansas Council on Children and Youth today recommended that a broader recreation and rehabilitation program be started at the state's boys industrial school.

The recommendations were made to Governor McMath and were contained in a report of a survey of the school. The survey was authorized by the 1949 legislature.

Members of the council said the current program and services offered the young inmates at the Pine Bluff school were "uniformly favorable," but added that there are many deficiencies which should be improved. Members said lack of funds prohibited extension of some services.

Some of the points recommended — the council said they would effect improvements without additional costs of legislative action included:

• Rearrangement of housing facilities to provide additional space

Steps to the Moon

By Hillman-Curt, Inc. Distributed by NEA SERVICE, INC.

The Story: Gaynel Teare has been going with a young Detroit millionaire, Barry Bainbridge, but she has recently met another interesting young man, Fritz Freymann, who is far from being a millionaire. Gaynel is really the breadwinner of her family, which consists of her mother, Emily, who is always going into some new project; her brother, Denny, who never keeps a job, and her younger sister, Pat, who is 14 years old. At present, Emily is backing the Little Theater movement.

Since that night, several weeks ago, when there had been that confusion about their meeting place — Barry claimed he had waited almost an hour in the Motor Bar — he had discovered a change in Gaynel.

If he knew that the change was a carefree young man by the name of Frederick Fitzroy Freymann, Barry might have become even more concerned. Wouldn't he have been shocked at her letting someone pick her up like that?

Oh Fritz had "taken her places," as he had promised. They had gone out together a great deal since then, although she had not asked him to her home yet. He usually took her to places she had never seen before; or at least in a different way, like the afternoon at Briggs Stadium, chewing peanuts and gulping pop and yelling herself hoarse when the Tigers scored against the Indians. It had been more fun, sitting in the press box, with the click of typewriters and telegraph wires lending added excitement. But then, everything one did with Fritz was fun, was different.

"Come in," she called now in response to a knock at her door. She hoped it wasn't her mother Emily.

Having seen the "tea" well on its way, Gaynel slipped upstairs, hoping for a shower and slight rest before her dinner date with Barry.

She was relieved to see Pat. "Come on in honey. I've just had my shower and I'm going to do my nails. What is it, Pat? You haven't been crying?"

"Yes, I have," Pat said. Her lips quivered, as though she might at any moment break forth again; her eyes, blue like Emily's, held a flock of green fire, smoldered. "It's this new idea of Mother's — or rather of that hateful Melvin Mosby — I despise him!"

She drew her own face into a thunderous grimace. "Gay — I won't be an actress! I won't. I tell you! Make a ninny out of myself before a lot of people. Paint my face. Mother says I'll have to. And Melvin, the worm, says I'll act one single line in any of their nasty old plays — I'll kill myself!"

"Oh, come now, it isn't that bad, is it?" Gaynel tried to keep any amusement out of her tone or eyes. This was no laughing matter to Pat. The child had succeeded in working herself into a state about it. She was just as that terribly

for recreation and vocational training. Extension of the schools educational facilities to provide academic training through the 12th grade. Organization of a vocational education program and a delegation of some of the schools farming operations.

That the school should be considered a training institution and not a work school.

An improvement in the handling and dispensing of milk in the dining hall, institution of a "fly control" program and other health measures.

Organization of a Boy Scout program and a recreational program for physically handicapped boys.

Governor McMath said he had turned the report over to the board governing the boys industrial school for its consideration and action.

The board was to meet today at Pine Bluff.

U. S. to Decide What to Do With Big Mess

By AMES MARLOW
Washington, Aug. 10 — (AP) — The government today digs in to finding what to do in a grand mess. The mess is the Far East where the Chinese communists are taking over China.

This has been a great disaster for the United States since, between them, the Russian and Chinese communists now control most of Asia.

Only last week the state department issued a "white paper" which said:

1. This country has washed its hands of Chiang Kai-shek's nationalists who were the only opposition to the communists here.

2. Since the nationalists are no competition any more, the Chinese communists can take over all China any time they wish.

Today an aged man, 73-year-old J. Leighton Stuart, flies into Washington with his head full of knowledge of China to give what advice he can.

He's American ambassador to China. Although he's had that job only since 1946, he's lived in China 45 years, mostly as an educator. He's an expert on China and its problems.

Secretary of State Acheson has created a special group to figure out what this country should do about the Far East, which includes China and the rest of Asia not in communist hands.

This group is made up of three men: Philip C. Jessup, an ambassador-at-large; Dr. Earl G. Borge, president of the Rockefeller foundation.

Case, now in Europe, will arrive here next week. Postleick arrived here yesterday. And he, Jessup and Stuart will start putting their heads together.

This group, or board, will have the assistance of the state, treasury and national defense departments. The economic cooperation administration, the senate foreign relations committee and the house foreign affairs committee.

The problem of the United States is this:

With all China in the hands of the Chinese communists, and with those communists working with the Russian communists, then —

Vital strategic areas now controlled by, or tied in with, the United States are in easy bombing range of the communist-run, Eastern coast of Asia. They are Japan, Okinawa, and the Philippines.

Then there is the island of Formosa, the last of the Communist once belonged to China. The Japanese captured it. After World War II the Allies decided to give it back to China.

This hasn't been all sealed and settled yet and isn't supposed to be until the Japanese peace treaty is signed.

Meanwhile, Chiang Kai shek, whom the state department doesn't think is worth helping, has made his headquarters on Formosa.

He's reported to have withdrawn 300,000 of his troops from the China mainland to Formosa, and has most of his air force there.

Formosa — in any trouble which might later arise with communist China — could be of help to this country. What to do about that?

That's another problem for the special board to consider; in addition to deciding what this country ought to do to stop the spread of communism through the rest of Asia.

Rice Crop Is Now Being Harvested

Dallas, Aug. 10 — (AP) — With harvesting underway in Louisiana and Texas, offerings of new crop rice increased in the Southwest this week, the U. S. department of agriculture put out a statement.

Prospects for the new crop continued favorable this week, although scattered showers and cloudy weather delayed maturity of much southern rice, water was turned off the fields and harvesting continued. About 20,000 barrels of new crop zenith were harvested in Texas, and good quality was quoted around \$6 per barrel at the close of the week in the Houston area. Good quality zenith brought \$6 a barrel, wet F.O.B. dryer or mill. Most of the early varieties were in boot or heading in Arkansas.

Milled rice markets continued seasonably dull. Demand remained slow as distributors bought only for current needs and made few commitments for deferred deliveries. However, some new crop zenith was offered after late August shipment at largely \$8.25 to \$8.50 per 100 pounds, F.O.B. mills.
